WHOLESALE

PRICE LIST

FALL 1952 :- SPRING 1953

It Pays To Order Early

To Our Friends And Customers:

We appreciate the continued patronage of many of you for the past thirty-two years. It was our motto in the past to have for our customer what he wanted in quantity wanted, if we did not have it we would get it, or it did not grow. But now conditions have changed to create a situation beyond our control. Such as Labor Shortages, Material Shortages and Old Man Weather too has been against us and too the remaining members of our organization is getting older and our abilities limited. So this limits our future operations to meet our abilities to carry on. This necessitates that we dispose of much of this stock already on hand to make space for our now growing stock.

Therefore we will have many plants that we must move this season. The better of our Bargains will be offered here at our nursery since in varieties and sizes they are too few to list here and our facilities are limited for shipping.

We invite you to visit our nursery and make your selections in order that you may take advantage of our Bargain lots from day to day, as we have a Bargain counter or bed that will change from day to day as we clear these beds for future plantings during the winter.

We appreciate your patronage in the past and an opportunity to again serve you in the near future.

Sincerely yours,

CENTRAL GEORGIA NURSERIES
Growers of Beauty Since 1920

R. L. Wheeler

Carl L. Wheeler

CENTRAL GEORGIA NURSERIES

Clinton Road — Route 5 — Macon, Ga.

LOCATION — Our Nurseries are located on U. S. Highway 129, North. Five miles North of Macon. Macon is our Shipping Point.

Prices— Herein quoted are F. O. B. Nursery and net. Those with established credit 30 days.

Transportation— We will ship as you request Railway Express, Freight or Motor Freight. Due to our past experiences we can only recommend Railway Express. As many other carriers will not accept crated nursery stock.

If to be shipped add \$1.00 per plant for cost materials, labor and shipping.

Claims— All claims must be made immediately upon receipt of stock. If having been received by shipment advise us immediately and file complaint with carrier as we pack our plants for shipment well and if they are damaged in transportation, this fault is of the carrier.

NEW SEEDLING CAMELLIAS

After twenty years of growing Camellia from seed, we are pleased to offer these four outstanding varieties of our own originations. And we plan to offer others from year to year. As we flower several thousand new seedling each year. Now have several hundred sorts under observation. We invite you to see these flowering at our Nurseries prior to their release.

We are sure that the following varieties will please you as they are outstanding at their season of Bloom here, flowering late September through February.

EDDIE G. WHEELER

Named for my wife. A gorgeous soft pink of Donckelari form having a beautiful and distinctive sheen, circle of bright golden stamens. Flowers from four to six inches in diameter. January through March. Foliage of medium size oval cuspidate crenate, slow but compact growth and free flowering. Runner up for best flower in two Macon Shows.

EDDIE G. WHEELER VARIEGATED

The plants and flowers are identical with Eddie G. Wheeler. Except the mottled white markings on the delicate pink ground makes this a most beautiful flower. And will add to any collection.

Prices above two varieties

8 — 12 in.	1 yr. Graft	\$ 8.00
12 — 15 in.	1 yr. Graft	10.00
15 — 18 in.	2 yr. Graft	15.00
18 — 24 in.	2 yr. Graft	20.00
2 — 3 ft.	2 yr. Graft	25.00

R. L. WHEELER
(Plant Patent No. 1137)

We are confident that this variety is among the most outstanding of all camellias. Having won seven awards of merit of the American Camellia Society. The Bulkley Metal of the Garden Club of America, Tricolor and Horticultural awards of the Garden Club of Georgia and numerous blue ribbons in the 1949 - 50 and 52 shows. The 1951 show was canceled due to weather conditions.

Plants of this variety suffered little or no damage due to cold. This is the best grower of all varieties we now have in stock.

The flowers are very large averaging six inches in diameter. Semi double rose, Heavy convoluted guard petals with numerous heavy circular stamens forming a diatarian like center. Petaloids form circle around base of stamens and outer guard petals. Strong upright grower. Foliage uiusally large dark green and distinctively pointed and twisted. We have had foliage to a maxium of four and one half by six inches. Plant this and have a prize winning flower for your local Camellia show.

R. L. WHEELER VARIEGATED
(Patent Pending)

Flowers and plant same as R. L. Wheeler. Except that flowers are variegated, varying in white up to 60%. A variegated Sport.

Prices of Above Varieties

12 — 18 in.	1 yr. Graft	\$15.00
18 — 24 in.	1 yr. Graft	20.00
18 — 24 in.	2 yr. Graft	25.00
24 — 30 in.	2 yr. Graft	30.00
30 — 36 in.	3 yr. Graft	40.00
3 — 4 ft.	3 yr. Graft	50.00

These plants are grafted on understock averaging one inch or better caliper. The majority of two and three year plants are Well Budded.

ARLENE IGNICO

An outstanding loosely formed incomplete double flower, resembling Reticulata in form flower and foliage. Foliage lanceolate, crenate to serrate. Midseason flowering of compact growth. Its' unusual form of petals and lovely shade of red makes this variety most appropriate to have been named at The Middle Georgia Camellia Society Show held in Macon, Ga., February 19, 1950 at a ceremony honoring Arlene Ignico, the wife of General R. V. Ignico, the Commanding General of the Warner Robins Air Material Service Command at nearby Warner Robins Air Base. See the flower to appreciate it.

WHEELER'S FRAGRANT

A cross pollinated seedling of James Hyde Porter by Herme. It inherits the habit of growth, the form of its flower and early flowering season from the James Hyde Poter and from Herme its color and it exceeds Herme in Fragrance. Flowering during the fall season makes this a most satisfactory variety. Flowers are semi-double to incomplete double Herme colored. Four to six inches in diameter. Semi upright and rapid grower.

BED GROWN AND SLENDER PLANTS

CAMELLIA JAPONICA

We have the following list of Camellia own root. These plants are grown in beds under lathouses or wooded area.

Due to labor shortage and limited water supply for irrigation we are offering these plants at attractive prices in order to make room for spacing other smaller plants for future growing. Prices are for B & B plants F. O. B. Nursery. If to be shipped add \$1.00 per plant for cost of materials and labor for shipping.
